

PRESS RELEASE

Date: 15 June 2009

Newbury Town Council's commitment to the Town Trail – and an appeal for help.

Newbury Town Council continues to support the Town Trail, through the hosting of the Town Trail Steering Group. The first two pieces on the trail, “Ebb & Flow” and “Couple in Conversation” still generate lots of discussion and have become real landmarks in the town. An alternative site for the third piece “Symphony of The Trees” is being progressed, after its unfortunate theft, soon after its unveiling. There are at least four future pieces being considered. It's an exciting time for the Town Trail.

But, the work takes time, so the Steering Group is seeking volunteers both to enhance the Steering Group membership and to create an embryonic “Friends of the Town Trail”.

Cont.....

To become part of either one of these very worthwhile groups, please contact Cllr Dave Goff or Cllr David Allen in the first instance for a discussion. Cllr David Allen (Chairman of the Arts and Leisure Committee) said “An interest in the arts would help, but is not mandatory – we need all sorts of skills to drive forward the success of the Town Trail”. Cllr Dave Goff (Chairman of the Town Trail Steering Group) said “Tasks will be allocated according to the time available, so don’t worry how little or much time you can spare, as long as it’s something”.

END
